Hue the aake yahin khemazan woh deewaney

1. Jamia Millia Islamia

Jamia Millia Islamia was founded at Aligarh in 1920 during the Khilafat and Non- Cooperation Movement in response to Gandhiji's call to boycott Government - supported educational institutions. Among those who enthusiastically responded to this call were Shaikhul Hind Maulana Mahmud Hasan, Maulana Mohammed Ali, Hakim Ajmal Khan, Dr. Mukhtar Ahmad Ansari, Abdul Majeed Khwaja and Dr. Zakir Husain. These eminent personalities, along with some others, founded Jamia Millia Islamia. They nurtured it through the changing vicissitudes of history at great personal risk and inconvenience.

Jamia moved from Aligarh to Delhi in 1925. Since then, it has been continuously growing, always refurbishing its methods, and branching out from time to time to meet new needs. True to the ideals of its founders, it has, over the years, tried to integrate the physical and mental development of its students.

Though its founders and architects were Muslims, Jamia from the very beginning has remained devoted to the ideals of secular education and kept its doors open to students and staff of all creeds and denominations.

In 1963, Jamia Millia Islamia was declared a Deemed University under Section 2 of the University Grants Commission Act. Jamia was declared a Central University as per Jamia Millia Islamia Act 1988, passed by the Parliament on 26th December 1988.

The objectives of Jamia are to disseminate advanced knowledge and provide instructional research and extension facilities in various branches of learning. The University endeavors to provide the students and teachers with the conducive environment and facilities for the promotion of studies in various disciplines from Nursery to Ph.D. level. The Jamia is always striving for innovations in education leading to restructuring of courses, new methods of teaching and learning and integrated development of personality and is consistently upholding its principles of national integration, secularism and international understanding.

2.1 Mushir Fatma Nursery School (MFNS)

Jamia Millia Islamia is famous for its teachings and training at the primary level and it is the result of the hard work and dedication of some great teachers who contributed selflessly in providing world class education at the primary level. During the days of its formative years, a German lady named Ms. Gerda Philipsborn accompanied Dr. Zakir Hussain to Jamia. Experiencing her interest in children, Dr. Zakir Hussain requested for her engagement with class I of Primary school but this could not continue for long due to her sudden departure.

Bridging the gap between school and home had always been Jamia's concern since its inception. For so many years, children were directly admitted to class-I at the age of 6. However, it was necessary to 'train' and prepare children in a full-fledged manner to formal education and to get them admitted to class I with full confidence and preparation. To bridge this gap, the necessity to establish a nursery school was greatly felt.

Former Vice Chancellor of Jamia Millia Islamia, Prof. Mohammed Mujeeb found Ms. Mushir Fatma suitably fit for this assignment though, those days, Ms. Mushir Fatma was the In-charge of class 1 of primary school. She did her Montessori training from London and had deep interest in young children. Therefore, she agreed to the proposal of opening a Nursery school and this concept very successfully took the shape of Jamia Nursery School in 1955 with 3 or 4 students.

In 1956, Mushir Fatma (Aapa Jaan) appointed Ms. Jamal Fatima (Mimmi Baji) for nursery school. The responsibility of children and class was assigned to Mimmi Baji and the curriculum for teaching and training was developed in a holistic manner which could continue as a unit from Nursery to senior secondary stage.

Mushir Fatma was a hard-working and active woman and therefore she earned a great reputation and placed Jamia Nursery school to such a position which became a talk of the town in and outside Delhi. It was the result of hard work and dedication of Ms. Mushir Fatma (Aapa Jaan) along with the great support and helping hand of Ms. Jamal Fatima (Mimmi Baji) in taking this school to great heights which became an inspiration for other nursery schools in Delhi.

Mushir Fatma Nursery School Educational Curriculum

The school curriculum is not based on traditional method rather it has been framed keeping in view the needs and demands of modern-day context. Play-way and project methods are adopted for teaching in nursery school. Play-way is the only method which yields quick learning in the children. Children are divided into two groups according to their age. The two-year nursery programme is divided into two stages i.e. Nursery and KG. The activities done in the classes are age appropriate and focus on the all-round development of the children, i.e. physical, cognitive, linguistic and socio emotional development.

The focus is on the overall development and environmental awareness for which the students are taken for an excursion trip once a year.

Functions on religious and national festivals are conducted with fun and enthusiasm. Art and craft, music, dance, role play, puppetry, sand and water play, clay modelling are important aspect of Mushir Fatma Nursery School.

On the other hand, activities are undertaken for the development of pre-reading skills for the children between 3-to-5-year age group. The purpose behind it is to prepare children for next higher grade so that they may be ready for formal education without any hesitation and fear. Children are made to practice pattern drawing, joining the dots, crayon rubbing, colouring, writing with chalk on floor, worksheets, writing alphabets, oral counting etc.

To improve the observation and memory skills, students are made to learn a variety of rhymes, songs and stories. To help gain confidence the students are also made to perform during class assemblies.

Mushir Fatma Nursery school impressed the people by introducing them with the first step of formal schooling and with its methods of education and its rich educational resources within a short span of time. From the beginning till now there has been a great increase in the number of children in school. The admission of children of poor and down-trodden families is prioritized in this school.

Mushir Fatma Nursery school is progressing day by day and becoming immensely popular by virtue of its methods of teaching and technique.

The aim of the school is to develop the personality of the students and to inculcate in them a sense of self-reliance and self-confidence. Hence the intellectual, cultural, physical, psychological and moral enhancement receives utmost attention. The curriculum is diverse and combines scholastic and non-scholastic activities in a balanced and effective manner. The Education Commission has strongly recommended that the prescribed general education syllabus should be followed-up to class X without any optional subjects so that it may lead to the multi-faceted growth of the students. The view of the Commission is that by the time they come to the end of class X of school education, the interest and abilities of the students may be judged. On the basis of this view, the Commission has recommended the teaching of optional subjects for Class XI and XII. The school shares a common syllabus and offers bilingual instruction.
